If you've printed
this from the
website, this line
should be exactly
6" long for scale.

4D

If you've printed this from the website, this line should be exactly 6" long for scale.

4.5B

If you've printed
this from the
website, this line
should be exactly
6" long for scale.

4.5D

If you've printed this from the website, this line should be exactly 6" long for scale.

5B

If you've printed
this from the
website, this line
should be exactly
6" long for scale.

5D

If you've printed this from the website, this line should be exactly 6" long for scale.

5.5B

If you've printed
this from the
website, this line
should be exactly
6" long for scale.

5.5D

If you've printed
this from the
website, this line
should be exactly
6" long for scale.

6B

If you've printed this from the website, this line should be exactly 6" long for scale.

6D

If you've printed this from the website, this line should be exactly 6" long for scale.

6.5B
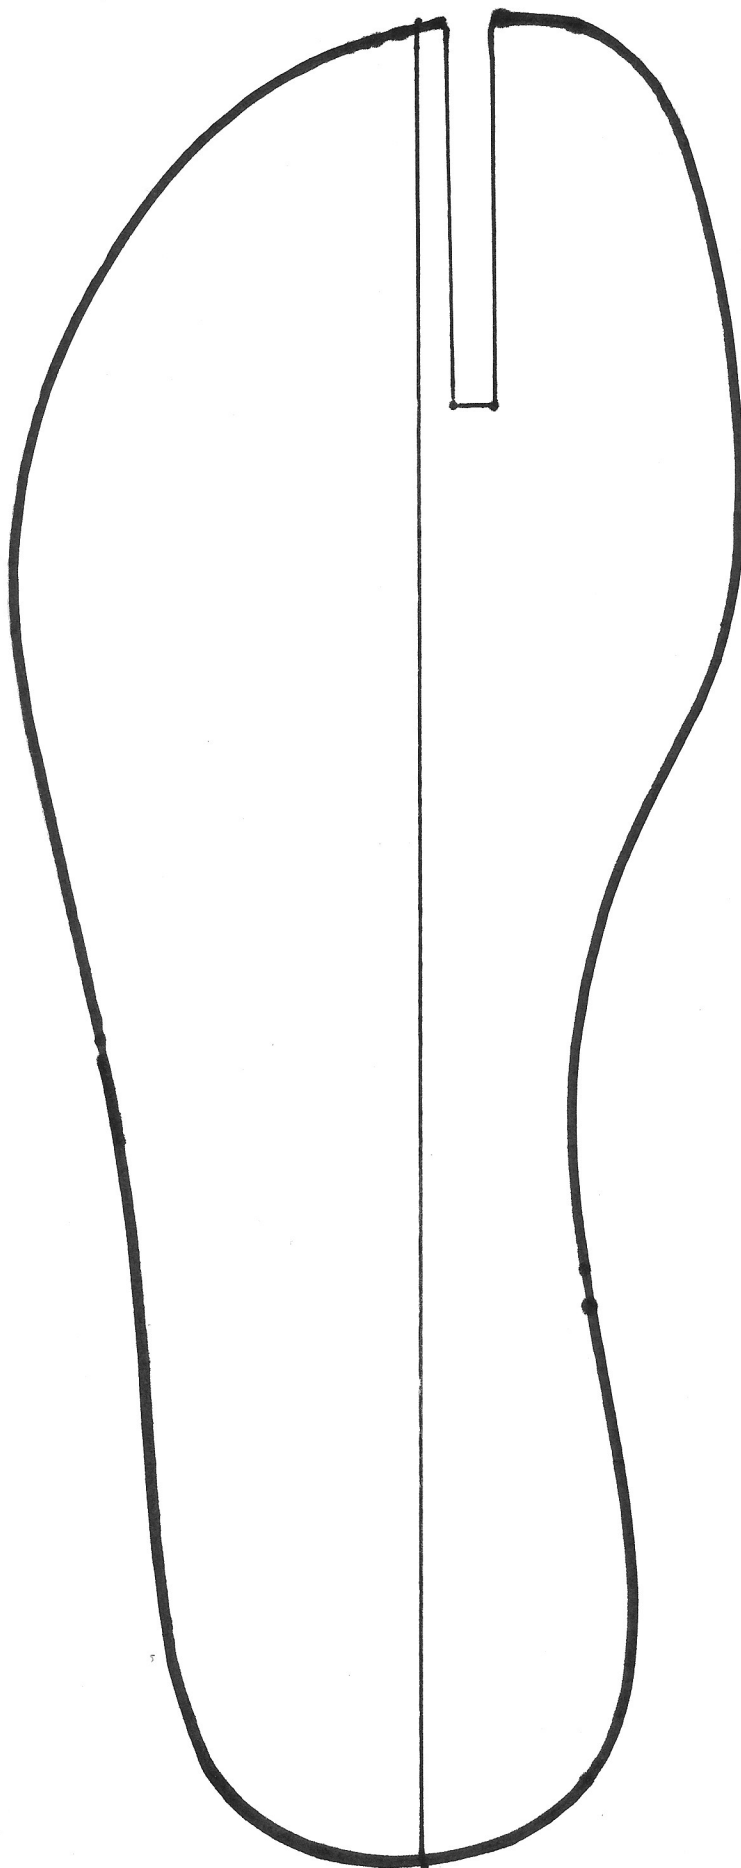

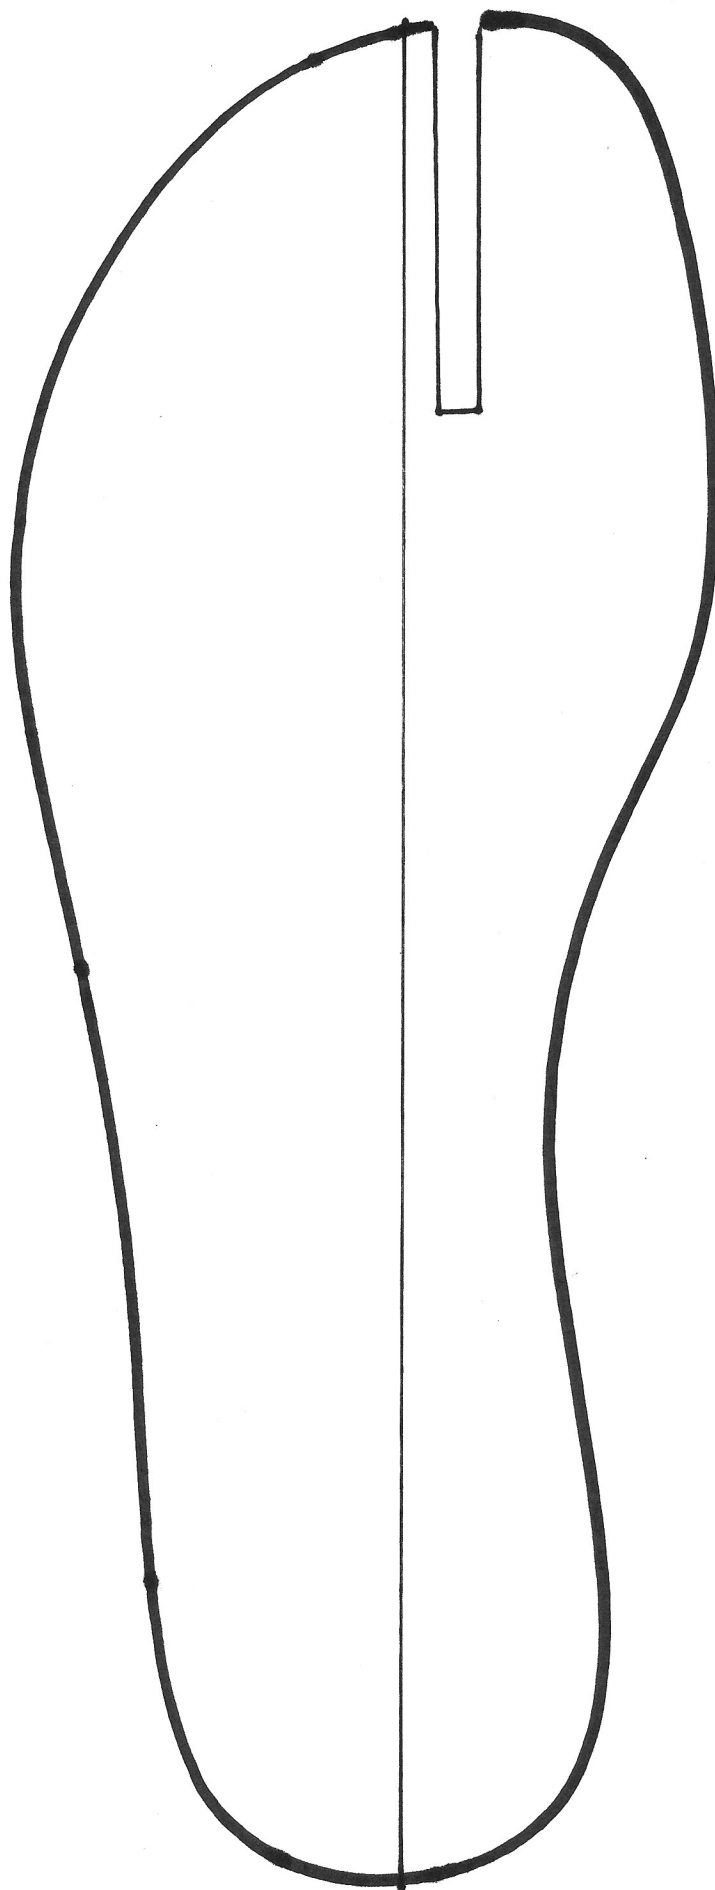

If you've printed this from the website, this line should be exactly 6" long for scale.

6.5D

If you've printed
this from the
website, this line
should be exactly
6" long for scale.

7B

If you've printed this from the website, this line should be exactly 6" long for scale.

7D

If you've printed this from the website, this line should be exactly 6" long for scale.

7.5B
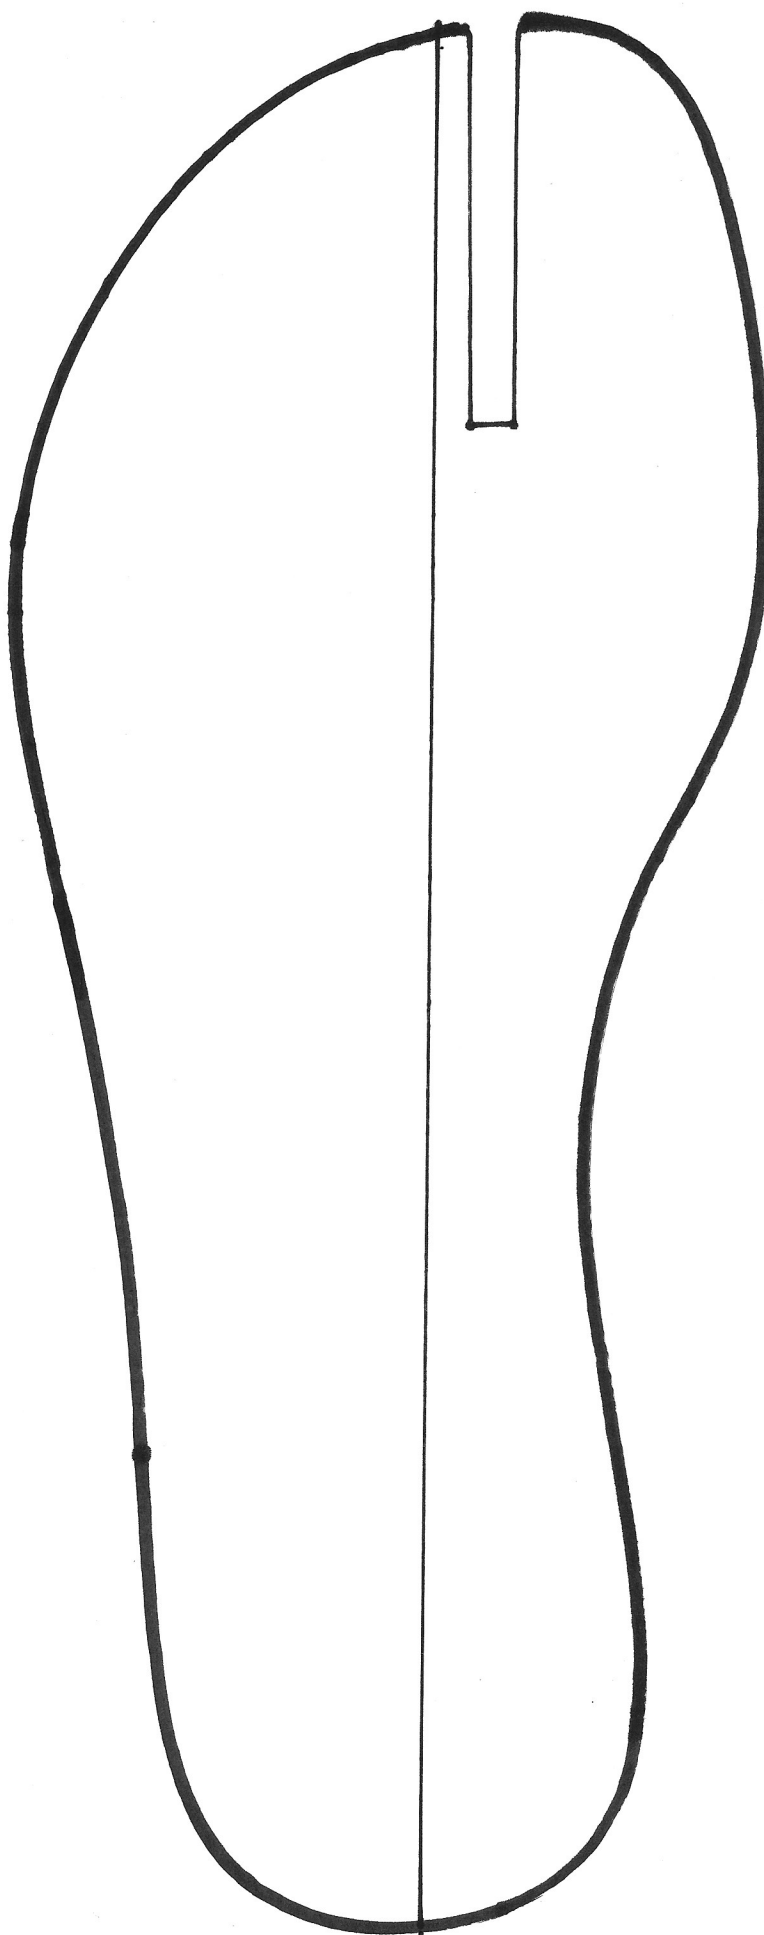

If you've printed this from the website, this line should be exactly 6" long for scale.

# 7.5D

If you've printed this from the website, this line should be exactly 6" long for scale.

8B

If you've printed
this from the
website, this line
should be exactly
6" long for scale.

8D
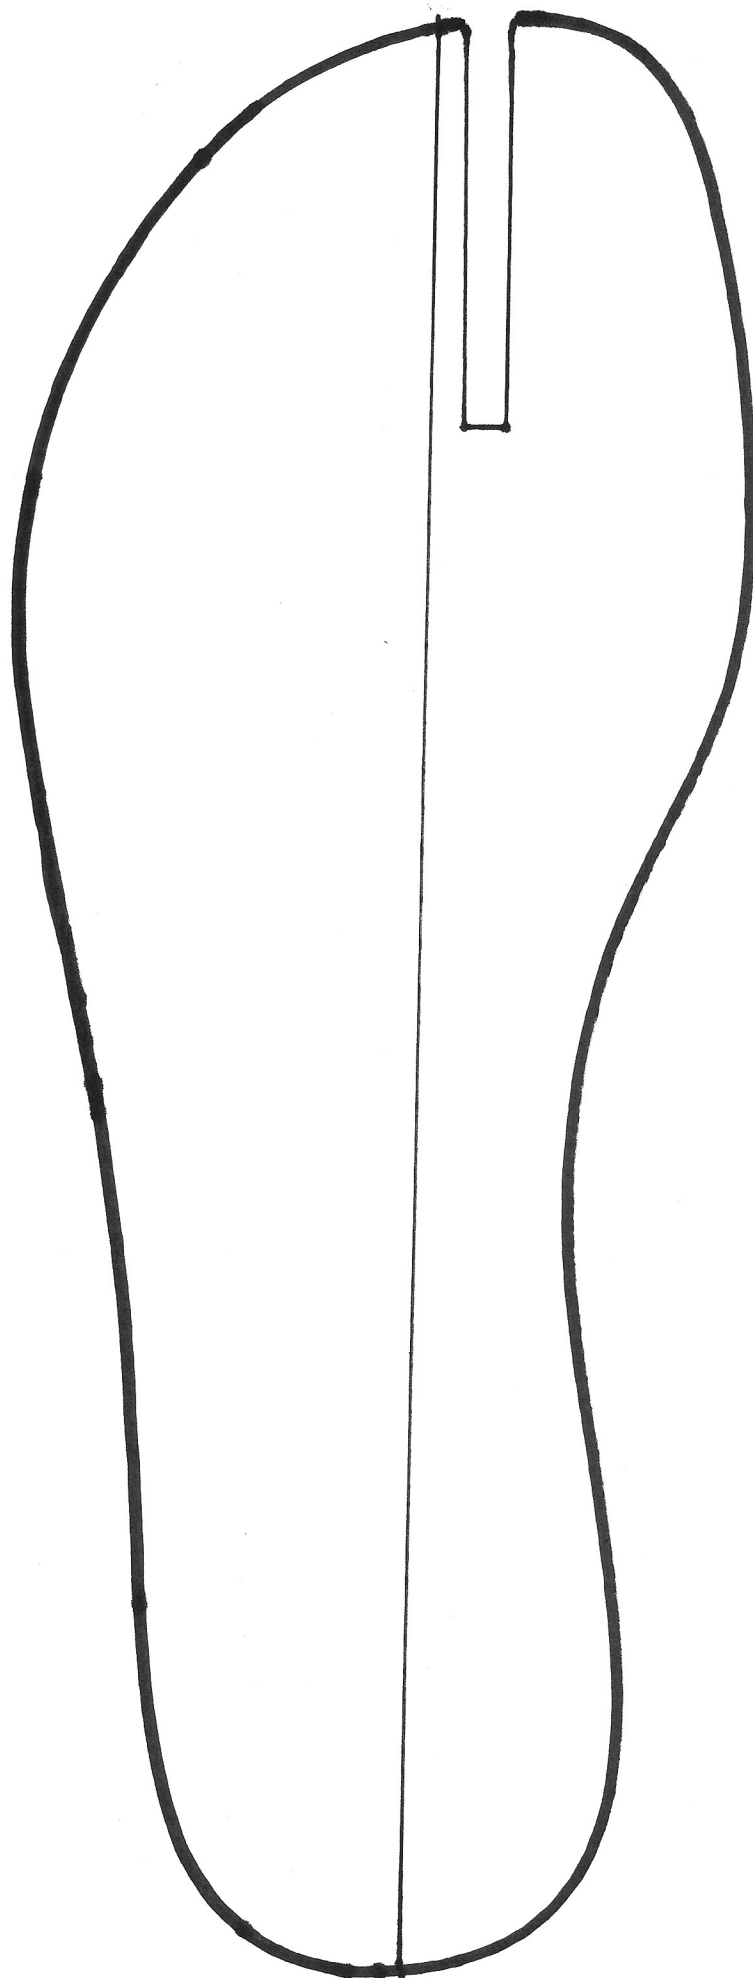

If you've printed
this from the
website, this line
should be exactly
6" long for scale.

8.5B
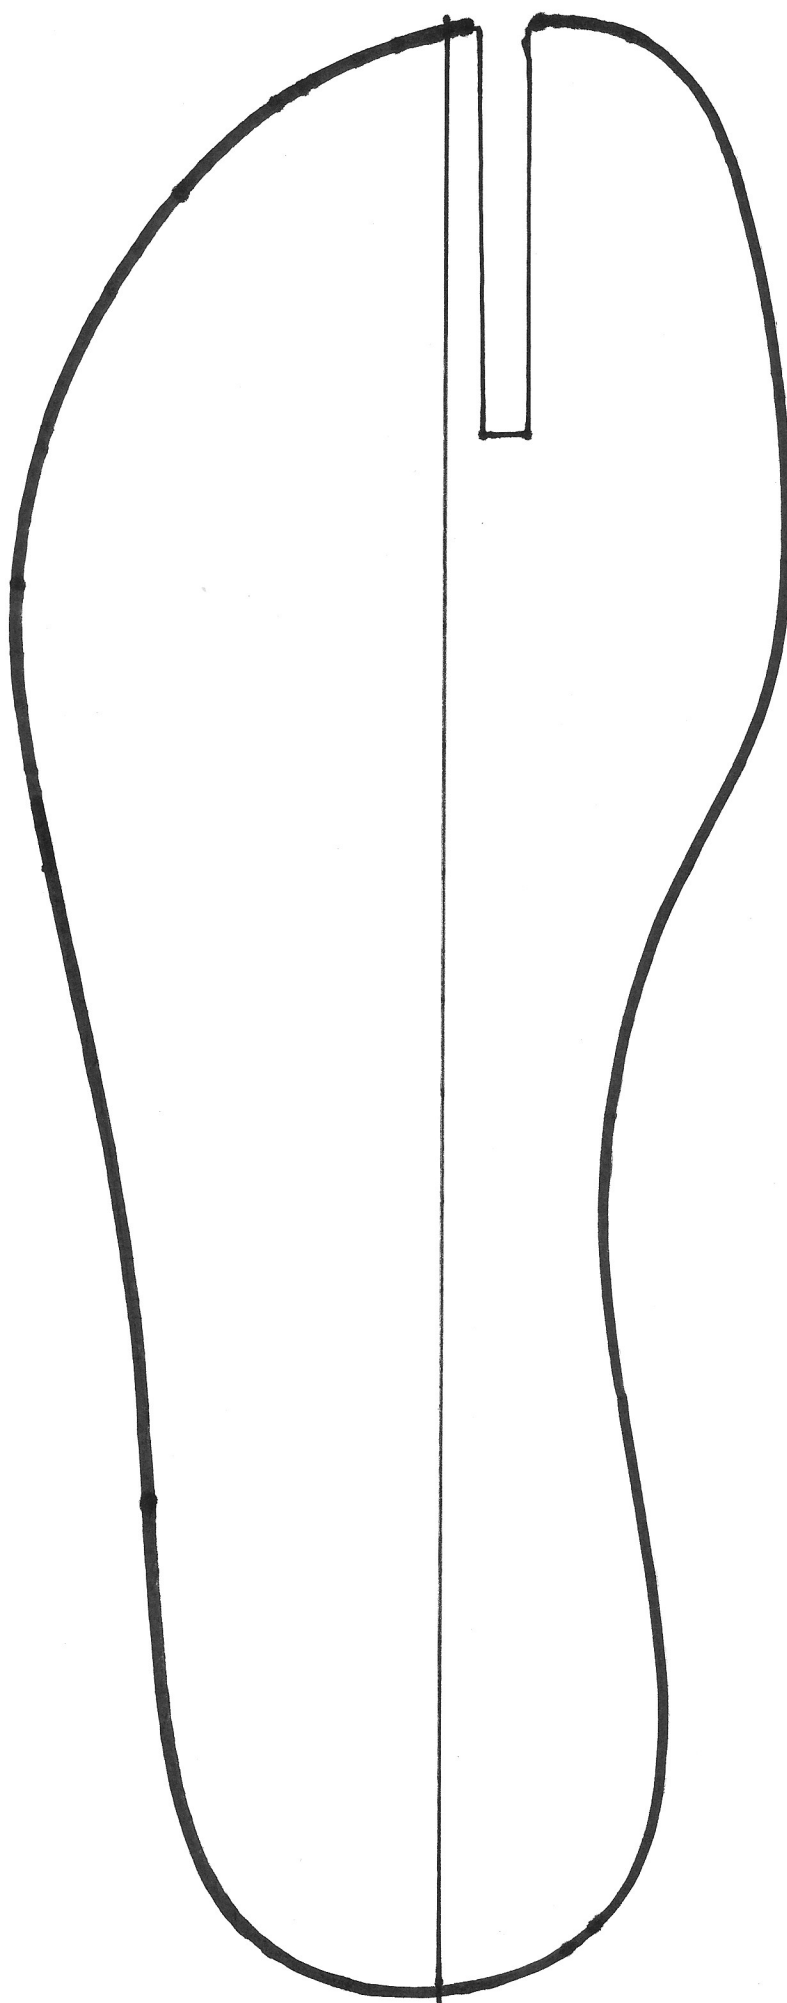

If you've printed this from the website, this line should be exactly 6" long for scale.

# 8.5D

If you've printed this from the website, this line should be exactly 6" long for scale.

9B

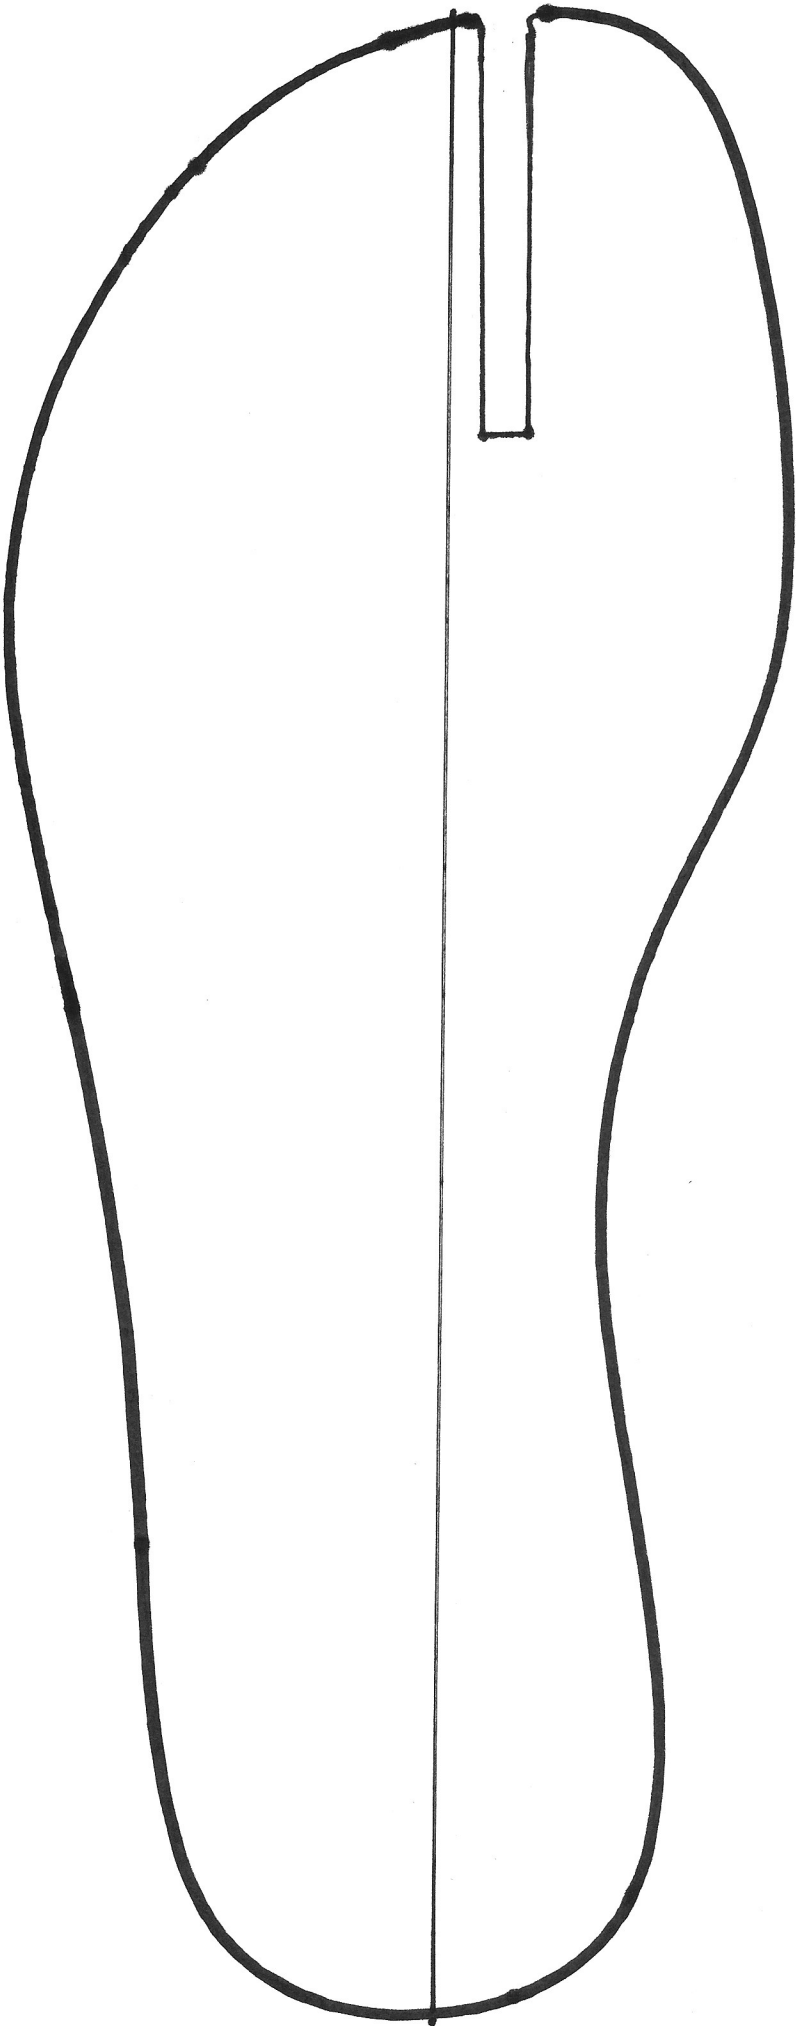

If you've printed this from the website, this line should be exactly 6" long for scale.

9D

If you've printed this from the website, this line should be exactly 6" long for scale.

9.5B

If you've printed this from the website, this line should be exactly 6" long for scale.

9.5D

If you've printed this from the website, this line should be exactly 6" long for scale.

10B

If you've printed this from the website, this line should be exactly 6" long for scale.

10D
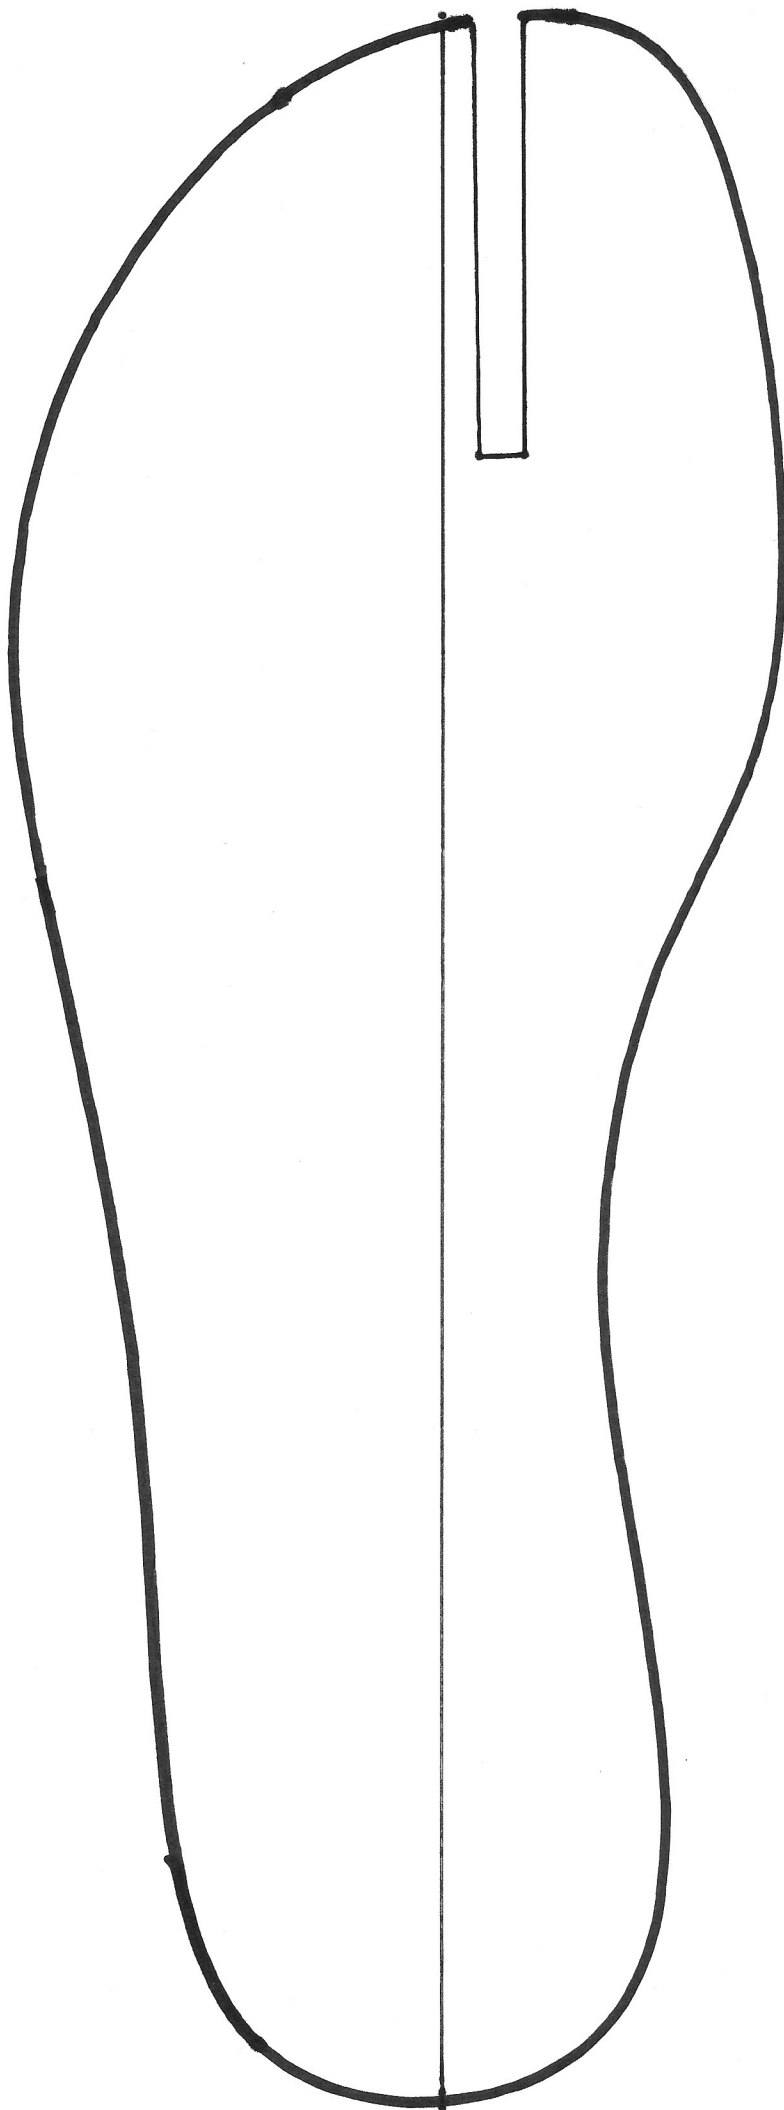

If you've printed this from the website, this line should be exactly 6" long for scale.

10.5B
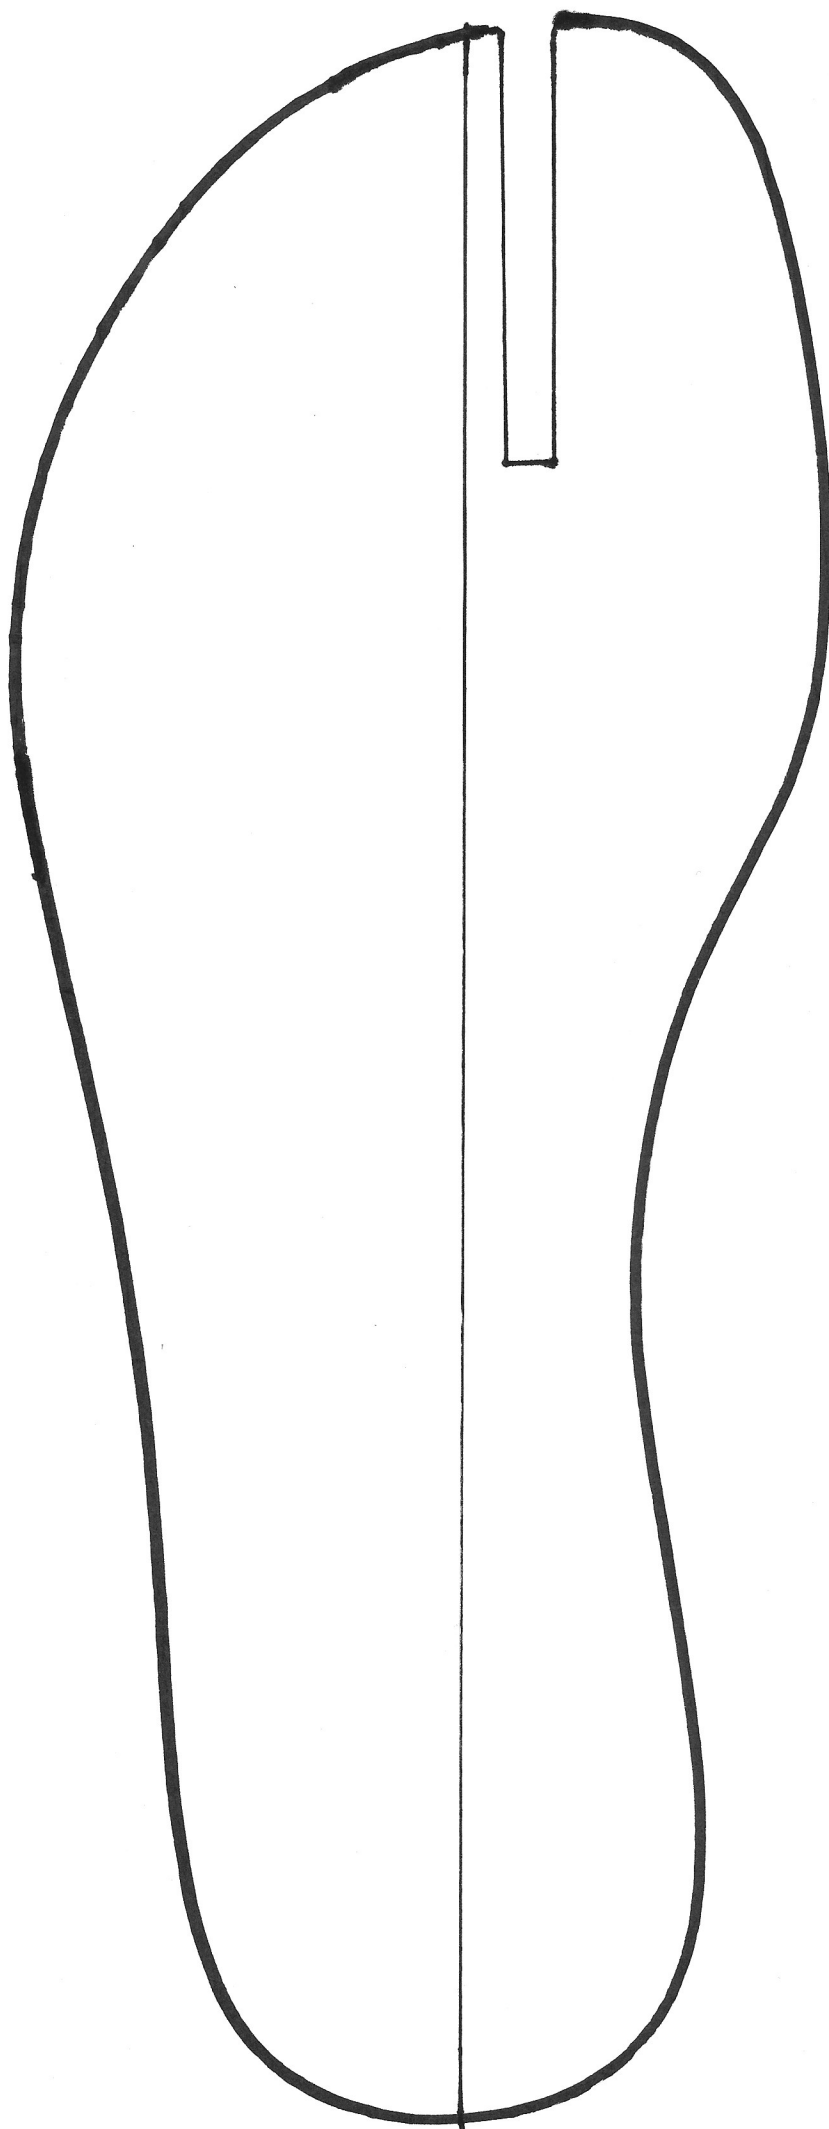

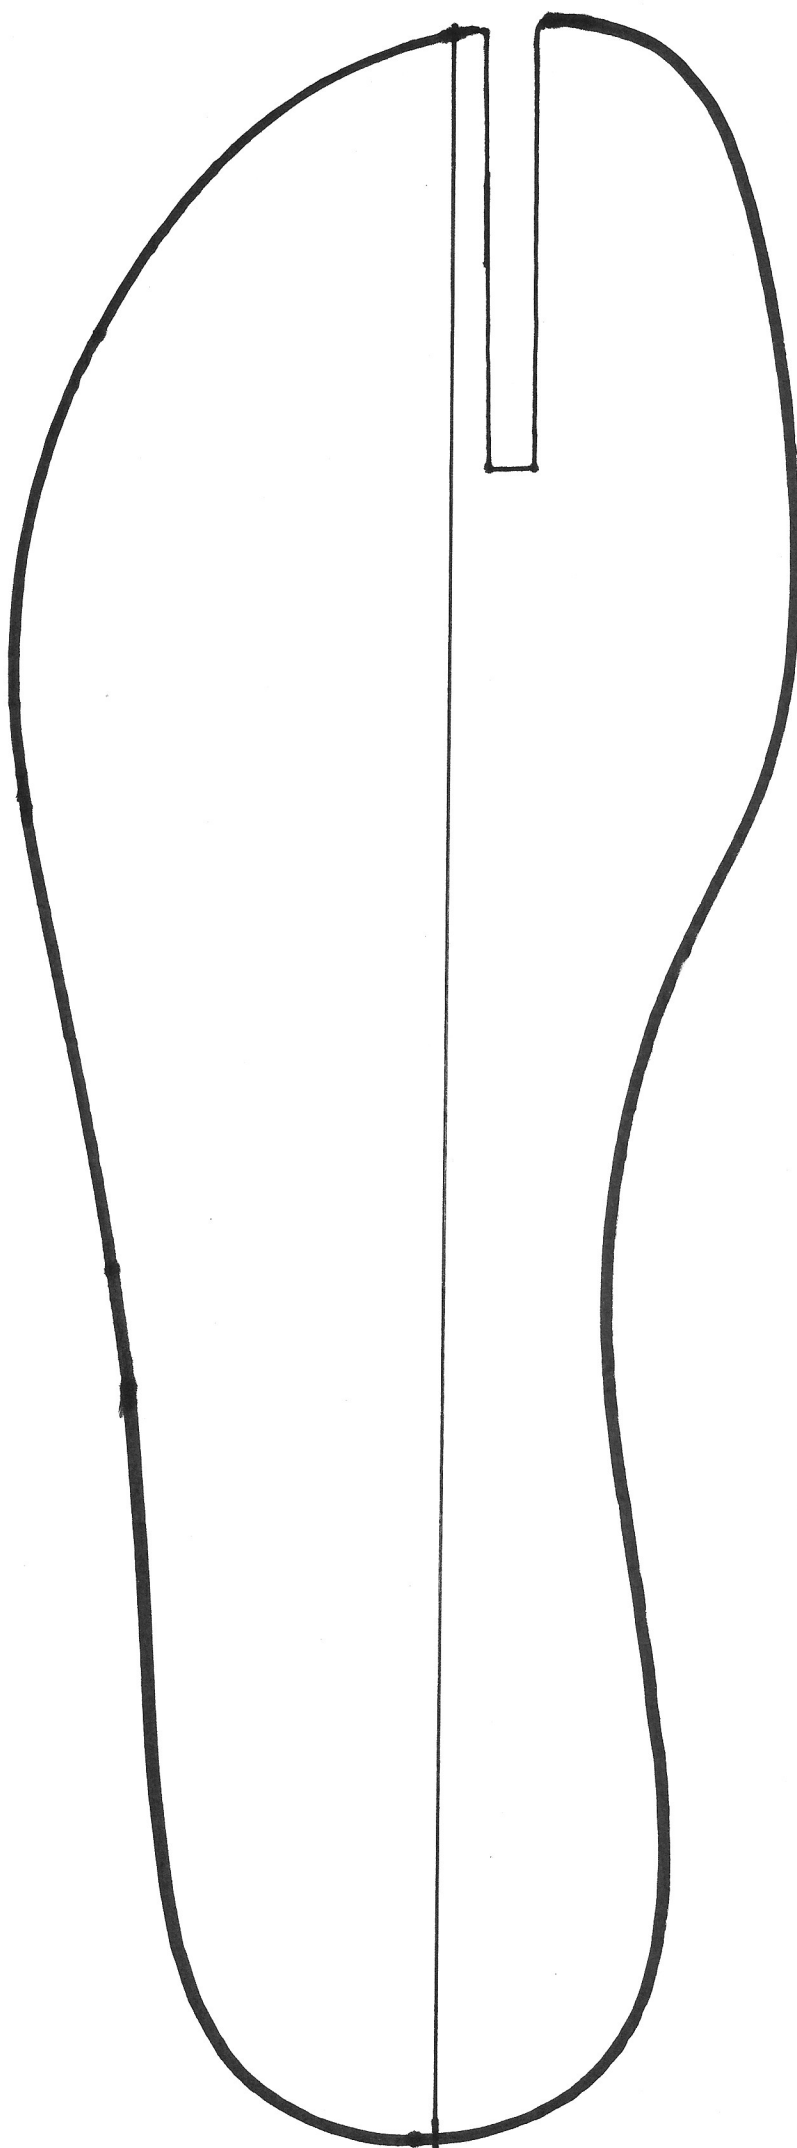

If you've printed this from the website, this line should be exactly 6" long for scale.

10.5D

If you've printed
this from the
website, this line
should be exactly
6" long for scale.

11B

If you've printed this from the website, this line should be exactly 6" long for scale.

11D

If you've printed this from the website, this line should be exactly 6" long for scale.

11.5B
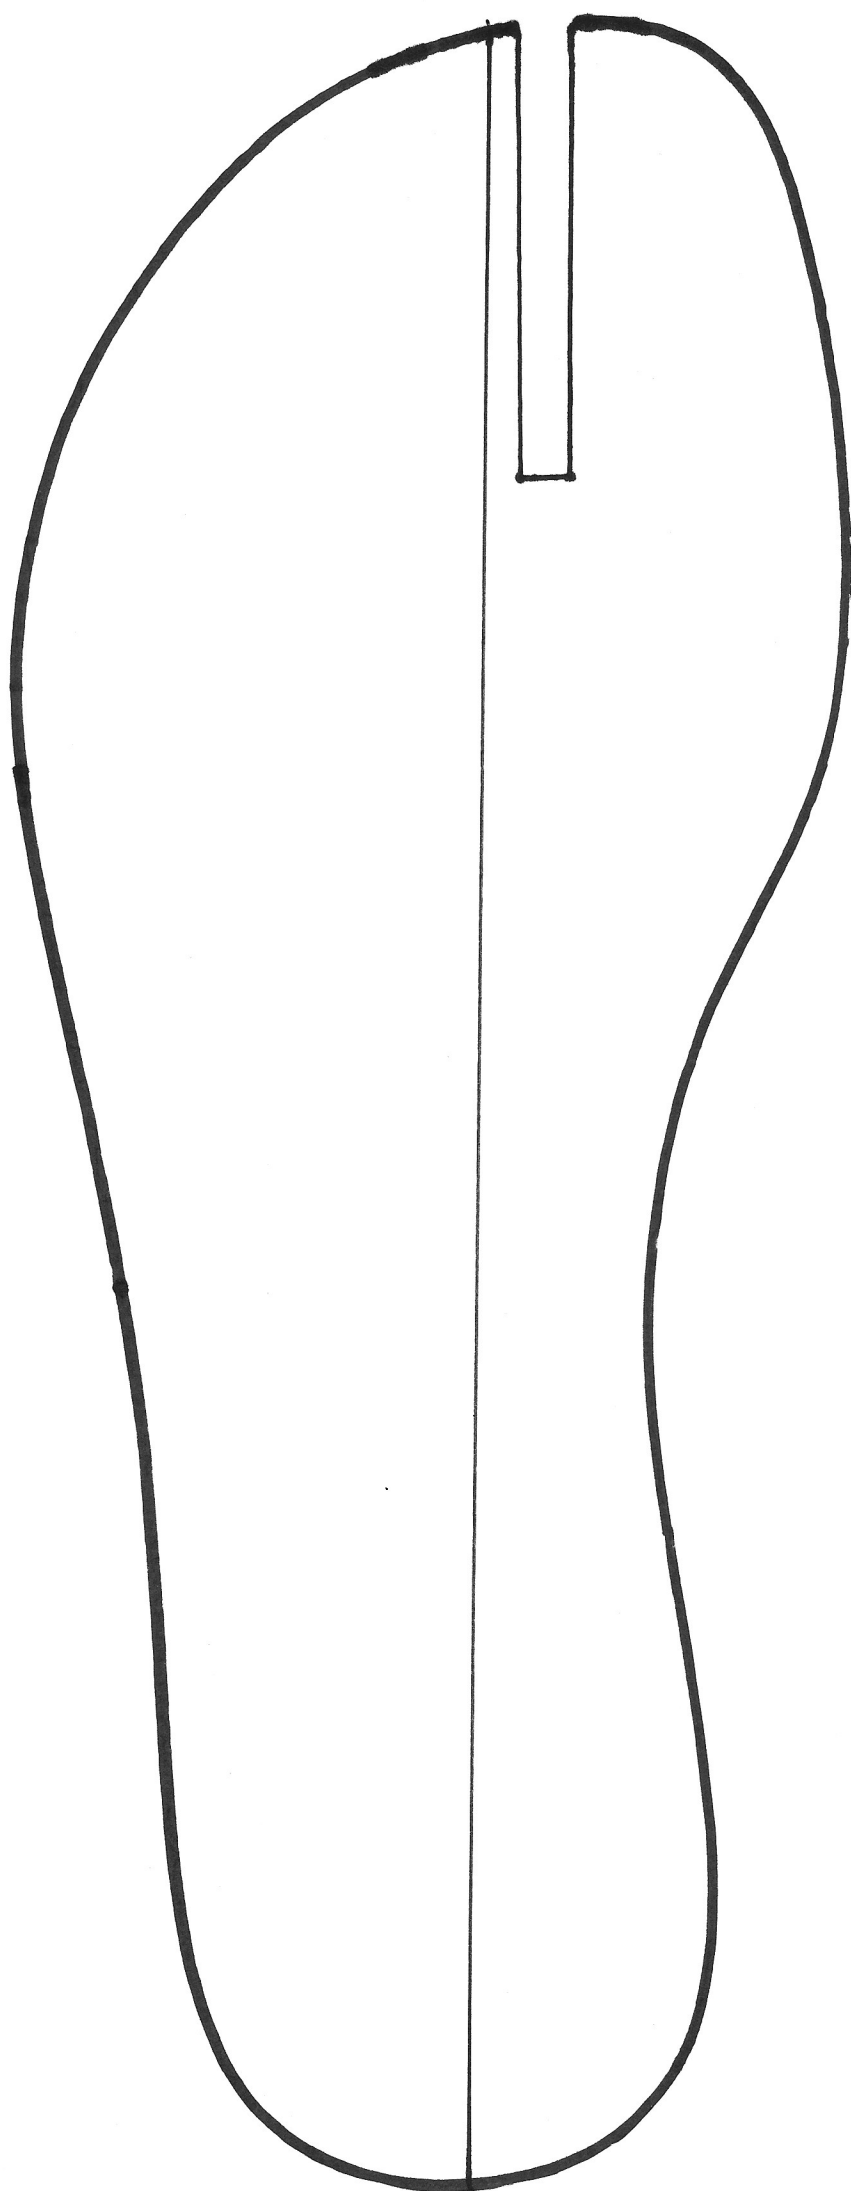

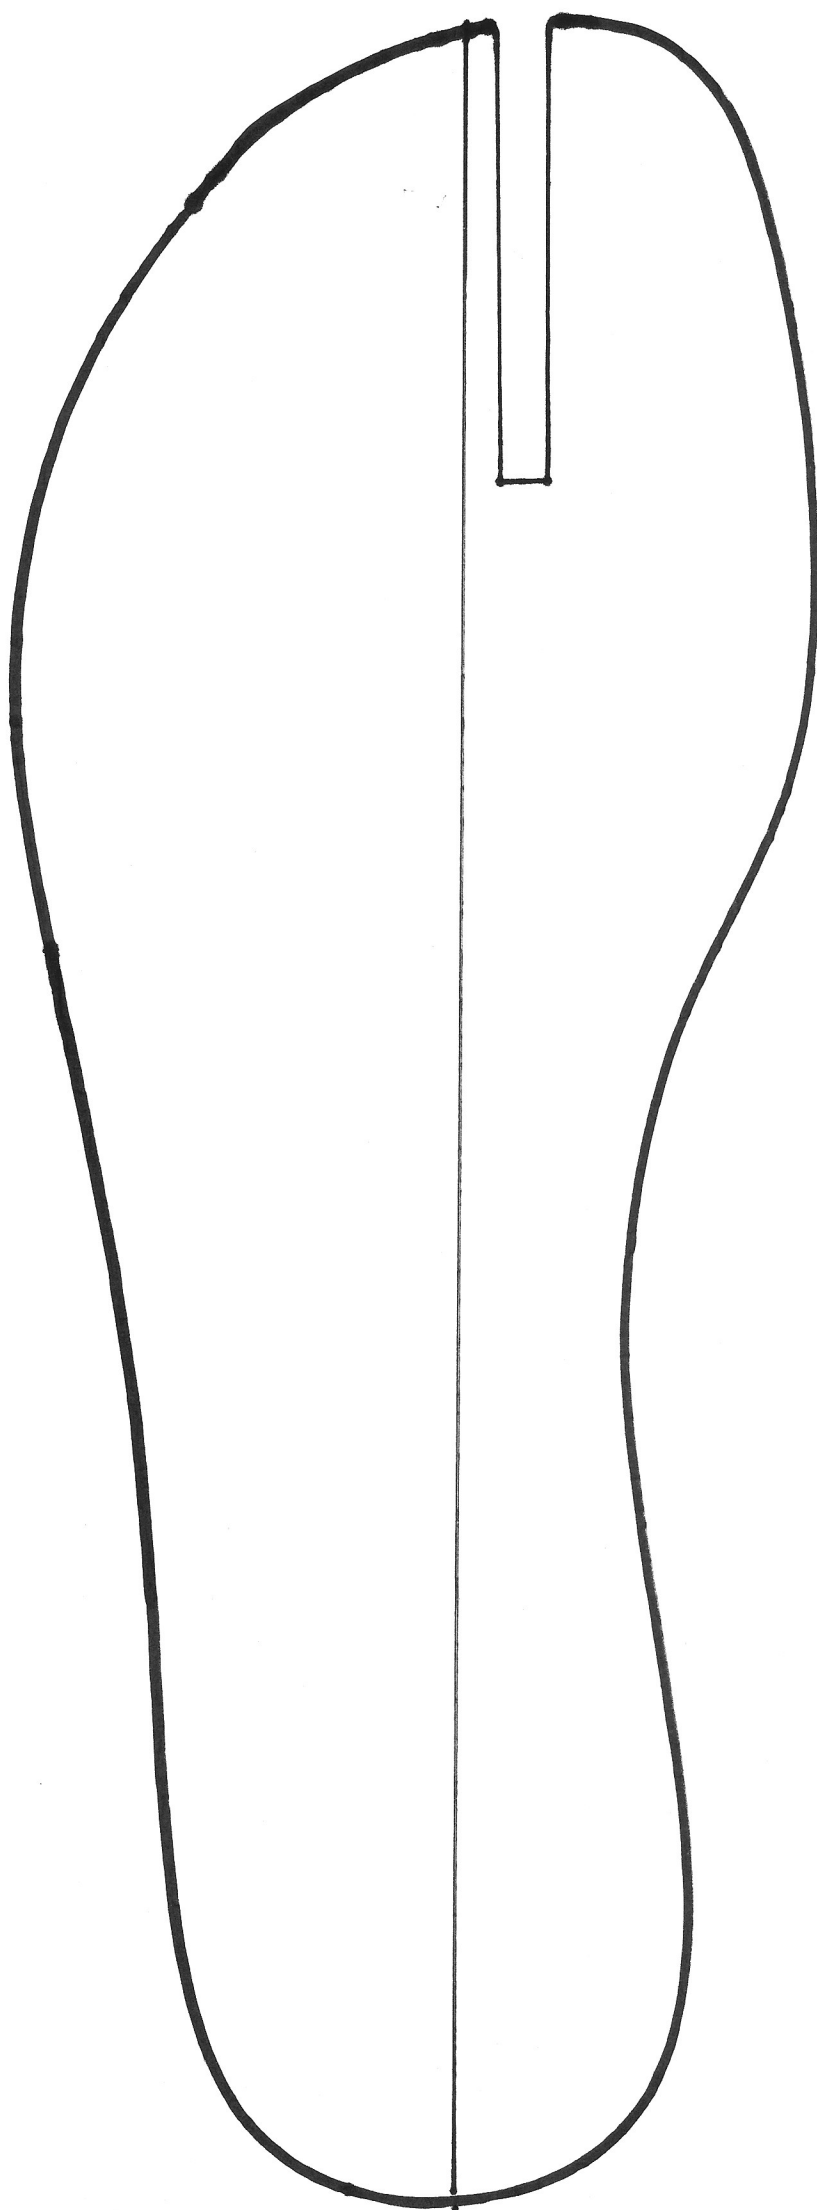

If you've printed this from the website, this line should be exactly 6" long for scale.

11.5D

If you've printed
this from the
website, this line
should be exactly
6" long for scale.

12B

If you've printed
this from the
website, this line
should be exactly
6" long for scale.

12D

If you've printed this from the website, this line should be exactly 6" long for scale.

12.5B

If you've printed this from the website, this line should be exactly 6" long for scale.

12.5D

If you've printed this from the website, this line should be exactly 6" long for scale.
